

SENATE JOINT RESOLUTION 734

By Crowe

A RESOLUTION to honor and congratulate Kenneth C. Hill on his appointment to the International Relations & Water Committees of the National Association of Regulatory Utility Commissioners.

WHEREAS, it is fitting that the members of this General Assembly should pause to recognize those Tennesseans who, through their extraordinary efforts, have distinguished themselves in public service to their state and nation; and

WHEREAS, it is with utmost pride and honor that we recognize and commend the accomplishments of newly appointed Tennessee Regulatory Authority director Kenneth C. Hill, who was recently appointed to two national committees of the National Association of Regulatory Utility Commissioners (NARUC), the International Relations and Water Committees; and

WHEREAS, the International Relations Committee manages NARUC's outreach activities across the globe, including partnerships to assist numerous countries with American best practices as the trend of energy market development expands overseas. The Water Committee aims to increase awareness and understanding about the issues surrounding uses and reuses of water and wastewater; and

WHEREAS, Kenneth C. Hill is wholly committed to the noble precepts of public service that have earned Tennessee recognition as the "Volunteer State," and he is to be especially commended for his many years of honorable and astute service to the citizens of Tennessee and this nation; now, therefore,

BE IT RESOLVED BY THE SENATE OF THE ONE HUNDRED SIXTH GENERAL ASSEMBLY OF THE STATE OF TENNESSEE, THE HOUSE OF REPRESENTATIVES CONCURRING, that we hereby honor and congratulate Mr. Kenneth C. Hill on his appointment

to the International Relations and Water Committees of the National Association of Regulatory Utility Commissioners and extend to him our best wishes for continued success in all of his future endeavors.

BE IT FURTHER RESOLVED, that an appropriate copy of this resolution be prepared for presentation with this final clause omitted from such copy.
